

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how long and tiresome it will actually be to clean-up after a party, with out help from machines. Not too long ago, the dirt from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the top cleaning products back then.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Founding the company in the year 1906, he began to produce motors to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the beginning was to own a global company marketing merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which can be operated by a single person because it only weighed 17.5 kilos! This creation came in a time where other cleaning machines were huge and required 4 or more operators, therefore, the Nilfisk C1 transformed everything and evolved the way we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing problem; stuff get dirty and should be cleaned regularly, without too much effort.

Slowly but progressively, Nilfisk-Advance grew all through the years. During the 1980s, this growth actually happened the time the business became a part of the NKT Group. Their new owners' ambition and focus made Nilfisk-Advance take a huge leap ahead within the industry, aspiring to be among the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is currently represented in every part of the world due to gradually obtaining lots of smaller companies so as to develop their product selection and presence in new markets. They are proud to present different cleaning solutions to meet each and every need.
